Mr. Sridharan was continuously in Govt. service from the 25th May 1932 without any break: he was in the Resident's Office from 25th May 1932 to 14th April 1933 and thereafter in the Income-tax Office. He completes two years' service on the 24th May 1934 and is therefore

entitled

to a biennial increment of Rs. 3 in the revised scale 30-3/2-45-2/2-55 on 25th May 1934. The fixation of his initial pay at Rs. 33 on 1st August 1934 ~~xx~~ in the revised scale is therefore correct.

Please see the Government of India letter of the 19th July 1934 in which they accorded sanction to the revised rates of pay for future entrants to subordinate posts under the Mysore Residency and also Form 'B' showing the list of nursing staff in whose case the Residency Surgeon fixed the revised scales of pay with effect from the 1st February 1935.

(6)

In fixing the revised scales in the case of nursing staff with effect from the 1st February 1935, the Residency Surgeon has obviously been guided by rule 4 of the revised rates of pay rules which lays down as follows:-

Page 2 of Rules.

> 'The pay of persons to whom these rules apply shall, unless in any case the Governor General in Council by special order otherwise direct, be re-fixed with effect from the first day of the month following that on which the revised rates of pay are prescribed, at the rate which would have been admissible had the revised rate of pay been in force from the beginning of their service or re-employment, no re-adjustment being made on this account in respect of pay earned before that date'.

(7)

It is true that in the case of the nursing staff also the revised rates were originally sanctioned with effect from the 1st August 1934 in the orders of the Government of India dated the 19th July 1934; but the matter did not rest there. A revision of the revised rates of pay fixed for the nursing staff was

page 9 of Y

S.N.11. C.P.34 / F.233-34 Y

S.N.12 C.P.45 -do- (Y)

was urged by the Residency Surgeon and a recommendation was made in this behalf by the Hon'ble the Resident to the Government of India. The Government of India passed final orders in the matter only in January 1935. "The first day of the month following that on which the revised pay was prescribed" which has been referred to in the rule quoted above is therefore the 1st day of February 1935 which follows the month of January 1935 during which month the Government of India finally prescribed the revised rates of pay for the nursing staff. Therefore the revised rates of pay for the nursing staff should take effect or rather be refixed from the 1st February 1935.

The above view cannot, however, be held to apply to the entire nursing staff, for in his recommendation to the Government of India the Hon'ble the Resident stated as follows with the concurrence of the Residency Surgeon:-*

> 'I do not recommend any reconsideration of the revised scales of pay fixed for Senior Staff Nurses, Home Sister, Sister of Charity or Indian Nurses'.

It would appear therefore that in the case of Nursing staff excluded from the recommendations of the

Resident

* Para 52 of notes in colln. Y

Vide page 40 of (Y) evidenced A

Resident the revised rates should be fixed from 1st August 1934. For this reason the Residency Surgeon has already been requested at the instance of the Accountant General in another connection to recover to the pay drawn in excess at the old rates by one of the Senior Staff nurses.

PP under issue.

(9)

Before a reply is sent to the Accountant General the above note may be sent u.o. to the Residency Surgeon for any remarks which he may wish to offer and if he agrees with the view expressed in para 8, he may be requested to revise statement 'B' as far as it relates to the nursing staff excluded from the Resident's recommendation to the Government of India.

Seen & returned with thanks.
The Residency Office interpretation is in accord with the facts. It was not in any way feasible to apply any cuts until G. of I. issued final orders. The question would appear to be covered by my letter 238/144 dated 11th May 1935

SN.8 of (R)
C.P.12

// A.G. Staff is unsatisfied, and requires Specific Sanction two courses seem to me to be open:
(1) For Resident's Office to apply to G of I & Specific Sanction to apply to pay rates from 1st February under rule quoted at para 6 or.
(2) For Resident to apply his powers as suggested in my letter.

In any case, besides being unfair, it is in my opinion, ~~not only important~~ but impracticable to recover the arrears from the lower paid personnel: Clerks Nurses & Indian Nurses, and most unpolitic to do so from Nursing Sisters.
The finance department may not be concerned with policy; but we are; and it is "up to" us to weigh the advisability of making a small - and inequitable - profit for Govt. vis à vis the underpaid Indian market and the efficiency we require and at present obtain. This can only be preserved by equitable treatment of our own worked & underpaid personnel. HM 23/6

D.No. 6367 S.N.10

Please see S.N.7 to 9 and the foregoing notes from paragraph 5.

The statement received with S.N.× 10 shows the cases in which the Nursing Staff drew excess pay from 1st August 1934 to 31st January 1935. They comprise ~~of~~ two groups of which one relates to Nursing Sisters on whose behalf the Hon'ble the ~~Resin~~ Resident recommended to the Govt. of India that the old rates of pay may be restored and the other relates to Senior Charge (Staff) Nurses and Home Sister in whose cases the Hon'ble the Resident did not recommend any reconsideration of the revised scales of pay ~~fixed~~ fixed.

As regards the Nursing Sisters, pay at old rates was drawn in good faith in the hope that the Govt. of India would sanction the Resident's proposal.

As regards Senior Charge (Staff) Nurses there seems to be no justification for allowing them to draw pay at the old rates; but as the Residency Surgeon is of opinion that the excess pay was drawn in good faith and feels that its recovery now would cause great hardship to and create discontent among the overworked and low paid staff the Govt. of India may be requested to waive its recovery as well.

A draft to the Govt. of India is submitted for consideration.

18.7.35

I have slightly altered the draft.

C.B.N. 7-8-35

S.N. (4)

D.No. 8425 S.N.12

The Accountant General did not originally object to the pay drawn by the Pupil Nurses. Therefore the excess drawn by them was not included in the consolidated statement furnished by the Residency Surgeon. As the excess drawn by the Pupil Nurses should also require waiving by the Govt. of India this may also be included in the statement, which is being submitted to them. Details furnished by the A.G. in respect of the excess drawn by the Pupil Nurses as amended in pencil may also be furnished to the Govt. of India.

The words ' and Pupil Nurses ' have been inserted in two places in para. 4 of the letter to the Govt. of India and the figure ' 380-14-0' has been altered to ' 478-4-0'. The statement has also been suitably amended. The letter and statements as revised are for approval.

SIR,

With reference to your endorsement No.F.233-34/R.O.II., dated the 16th February, 1935, forwarding extract from memorandum No.Bang.1-4-792, dated the 19th January, 1935, from the Accountant-General, Madras, I have the honour to state as follows:-

Mr. M.V. Sridharan was appointed as an officiating clerk in the Income-tax Office from the 15th April 1933. The Hon'ble the Resident in Mysore in consideration of his acting service in the Resident's Office from where he was transferred gave him one increment in advance - vide memorandum No.1988, dated the 12th March 1934. His pay therefore on 15th April 1933 (date of his appointment in the Income-tax Office) was Rs.37/- and on the 15th April 1934, Rs.39/- in the scale of Rs.35-2-65. In the scale of Rs.30-3/2-45-2/2-55, his pay was started on Rs.30/- with next increment on 15th April 1934 as on that date his pay in the old scale was Rs.39/-, i.e., the clerk was given pay for two years' service. His pay on 1st August, 1934, was therefore fixed at Rs.33/-

with

with next increment on 15th April 1936.

Subject :— Revised scale of pay for Nursing Staff.

SIR,

I have the honour to forward herewith objection statement No. Bang.8.86, dated 2-5-35 received from the Accountant General, Madras, which was mis-sent to this office, with the following remarks:-

The old rates of pay were continued to be drawn in view of para 3 of your endorsement No.5282 dated 30-7-34 and also to avoid the discontent that would have been created among the Nursing Staff if the new scales of pay were applied to them when the retention of the old scale of pay for them was under the consideration of the Government of India. On receipt of final orders from the Government of India- vide your endorsement No.F.233-34/R.O.II., dated 22nd. February 1935, the revised rates of pay admissible were drawn, and it will thus be apparent that the amounts stated to have been overdrawn by the Nursing Sisters and Senior Charge Nurses were paid to them in good faith; and it is not practicable to effect recovery from them.

If the Accountant General still insists, I have the honour to request you kindly to obtain the orders of t Hon'ble the Resident, waiving the recovery of the amount i

REVISED PAY FOR FUTURE RECRUITS TO POSTS IN THE NURSING STAFF OF THE NURSING AND LADY CURZON HOSPITALS, BANGALORE.

Sir,

I have the honour to address the Government of India regarding the pay drawn by certain members of the staff of the Nursing and Lady Curzon Hospitals, Bangalore, during the months of August 1935 to January 1936, to which the Accountant General, Madras, has taken objection.

2. The position may be briefly reviewed as follows:-

The orders of the Government of India on my express letter No. 3562/267-35, dated the 2nd October 1935, regarding new scales of pay for future entrants to subordinate posts in general in the Mysore Residency, were communicated in their letter No.F.15(24)-E/34, dated the 17th July 1934. Before these orders were received I telegraphed to the Government of India on the 30th April 1934 that I might find it necessary to revise the recommendations made in my Express letter of the 2nd October in respect of the revised scales of pay for European trained Nursing Sisters. My revised

recommendations

recommendations in this behalf were submitted in my letter No. F.233-26/34-H.II, dated the 18th October, 1934. The final orders of the Government of India were communicated in their Memorandum of the 20th January 1936.

F.233-34

S.H.19/-do-

In accordance with the provisions of rule 4 of the revised Rates of Pay Rules, the pay of the entire Nursing staff was refixed with effect from the 1st February 1936, that is the first day of the month following that on which the revised scales for the Nursing Staff were finally prescribed.

3. The pay of the persons to whom the revised rates of pay applied was refixed with effect from the 1st August 1934, an exception being made in the case of the Nursing Staff of the two Hospitals in view of my intention to furnish revised recommendations on their behalf.

3.8 X 4(B)

The Accountant General, Madras, holds the view that the pay of the Nursing Staff also should be refixed with effect from the 1st August 1934, and he has accordingly held under objection the pay drawn in excess by certain members of the Nursing Staff at the old rates from 1st August 1934 to 31st January 1936, and has raised for its recovery.

4. I enclose a statement showing the cases covered by the Accountant General's objection. They comprise two groups, of which one relates to Nursing Sisters on whose behalf I recommended that the old rates of pay might be restored, and the other relates to Senior Staff Nurses and Home Sisters in whose case I did not recommend any reconsideration of the revised scales of pay fixed. The Residency Surgeon explains that as the question of the retention of the old rates of pay in the case of Nursing Staff was then under consideration, he allowed all the members of the Nursing Staff to draw pay at

J.F.11

the

the old rates in order to avoid discontent.

The Government of India will, I trust, agree that as regards the Nursing Sisters, pay at old rates was drawn in good faith in the hope that the Government of India would sanction my proposals.

As regards the senior Staff Nurses and Nurse Sisters the position is, I admit, different, but as the Residency Surgeon says that the excess pay was drawn in good faith and has urged very strongly that its recovery now would cause great hardship and create discontent among an overworked and low-paid personnel, I request that the Government of India may be pleased to waive its recovery and to permit the pay of the entire nursing staff to be refixed with effect from the 1st February 1936.

The total amount involved is only Rs.880-14-0, as will be seen from the accompanying statement.

Subject: Extra pay for sub-assistant surgeons on the nursing staff at the Maternity and Lady Curzon Hospitals, Secunderabad.

Sir,

I have the honour to return herewith the enclosure to your letter No. P.S.No.38/35-1 dated 14-8-35 from the Surgeon-General with Government, Foreign and Political Department endorsement cited above and to point out that the excess pay drawn by pupil nurses from August 35 to January 1936 are also apparently to be included in the statement.

2. Both the revised scales carry the same rate of pay for 1st year pupils and no excess has been paid to these pupils as the case, however, if 2nd and 3rd year pupils, there is a uniform rate of Rs.1 for each 2nd year pupil and of Rs.2/- for each 3rd year pupil. The total excess payment for these two classes of pupils works out to Rs.37/- as mentioned in the statement attached. I would request that, if there be no objection, this amount may also be finally included in the statement, or hints be given to the Government of India thereon suitably.
